

Talking English

- When?** 4th of November 2015
Time? 7 p.m. (19:00 h)
Where? at the *Clubzimmer* (Entrance "B" or "H") of the Siegerlandhalle
Who? everybody interested in talking English

Every first Wednesday of the month the DAG-SiWi e.V. organizes the "**Talking English**" meeting. It's an informal gathering of people of all ages and from all walks of life interested in talking English in a pleasantly open and informal circle. It's open to everybody willing to practice (again) – or brush up on – his or her English. Maybe you are a student in a secondary school or at university, maybe you've lived in the USA for some time and would like to meet people with similar interests in topics revolving around culture, lifestyle, politics, and society. Often it is about the USA or other English-speaking countries. However, we have opened up the range of topics to include **everything** that we are interested in talking about!

Each evening has got a main topic, which the moderator has roughly outlined and prepared for by means of texts or other media. However, the dynamics of lively discussions will develop through active participation of all members. On some nights, a native speaker or insightful returnees from the US are invited to convey the "latest gossip" from the New World. Come and join us! Spread the news!

For any questions contact the moderator Volker Schüttenhelm
Phone: 0271-2386826 or E-Mail: info@dagsiwi.de
